Summary

As a skilled Visual Designer, Logo Expert, and 2D Motion Artist with over 10 years of industry experience, I specialize in creating visually stunning content that conveys a brand's unique essence and messaging.

My specialties include logo design, typography, complete brand identity systems, 2D animations, animated ads, thumbnails, illustrations, landing pages, UI/UX designs, and print materials. I take a personalized strategy to each project, developing custom graphics systems and visual identities that effectively express your brand's value.

If you're looking to establish a strong brand identity, engage your audience on social media, or design user-friendly websites and applications, I can help. I can provide unique designs that accurately apprehend your brand's essence and values.

I'm always available to answer your questions or discuss your project requirements, and dedicated to creating design solutions that meet your needs and exceed your expectations. Let's work together to create the perfect design solutions for your business.

Woliul Design

Jan 2013 - Present (10 years 4 months)
With over 10 years of industry experience, I specialize in designing visually stunning content that expresses a brand's unique essence and messaging. My specialties include:

• Logo design, typography, and complete brand identity systems
• 2D animations, animated ads, thumbnails, and illustrations
• User-friendly UI/UX designs for websites and apps
• Print materials: business cards, stationery, packaging

I take a personalized approach to each project, developing custom graphics systems that effectively express your brand's value. Let's work together to establish a strong brand identity, engage your audience on social media, or design user-friendly websites and applications.

My approach is generous and dedicated, developing graphic systems and visual languages that help define my clients' personal and specific visual identity.

Graphics Designer
Upwork
Jun 2012 - Present (10 years 11 months)
As a skilled Visual Designer, Logo Expert, and 2D Motion Artist, I specialize in creating visually engaging content that communicates the unique identity and messaging of your brand. With over 10 years of experience in the industry, I am passionate about helping businesses define their visual language and develop a strong brand identity.

My areas of expertise include:

• Logo design and typography that effectively communicate the essence of your brand
• Creating complete brand identity systems that establish a consistent visual language across all marketing materials
• Designing stunning 2D animations that bring your products or services to life
• Developing animated ads for social media platforms such as Facebook, Instagram, Twitter, and LinkedIn
• Crafting engaging thumbnails for YouTube and podcast channels
• Illustrating artwork that beautifully showcases your products or services
• Designing landing pages that effectively capture the attention of your target audience
• Creating user-friendly UI/UX designs for websites and applications
• Designing a range of print materials such as business cards, stationery, and packaging

My approach is focused on developing custom graphics systems and visual identities that convey the unique value of your brand. I'm always available to answer your questions or discuss your project requirements, so feel free to leave me a message or place an order today!
